**AMESBURY LOCCA Introduces – CONCEALED LOCKING FOR CUPBOARDS AND CABINETS**

**Amesbury LoCCA**, Sioux Falls, SD, is pleased to bring wireless remote access for your **CABINETS!** Keep your Wine Cellars, Gun Cabinets, under the sink or household storage of cleaning supplies, medicine cabinet, tools, etc. locked and secure without hanging unsightly plastic straps on the cabinet handles or clunky surface mounted locks. Keep your family safe by locking cupboards and cabinets with magnetic locks on the inside! But, don't limit this to your home...keep your company's supplies secure, or limit access to certain areas of your business with a larger mag lock or electronic strike. Just ONE remote will accept an unlimited number of locking systems!

Amber Grayson, Business Development Manager for Amesbury LoCCA, "The response to this innovative product line has been great...seems that even in a down economy, people are still looking for tools to make life easier and safer for their families. We all know that home automation is the trend, so we've embraced it and are pleased to bring wireless home access and security to your homes and businesses."

For more product information on the new Amesbury LoCCA product range, contact Amesbury LoCCA at 1-800-325-3359, or email us at [LoCCA@Amesbury.com](mailto:LoCCA@Amesbury.com).
